

##Wasn't sure what to plot so I just plotted the sum of the pt's of e, mu, jets, and taus

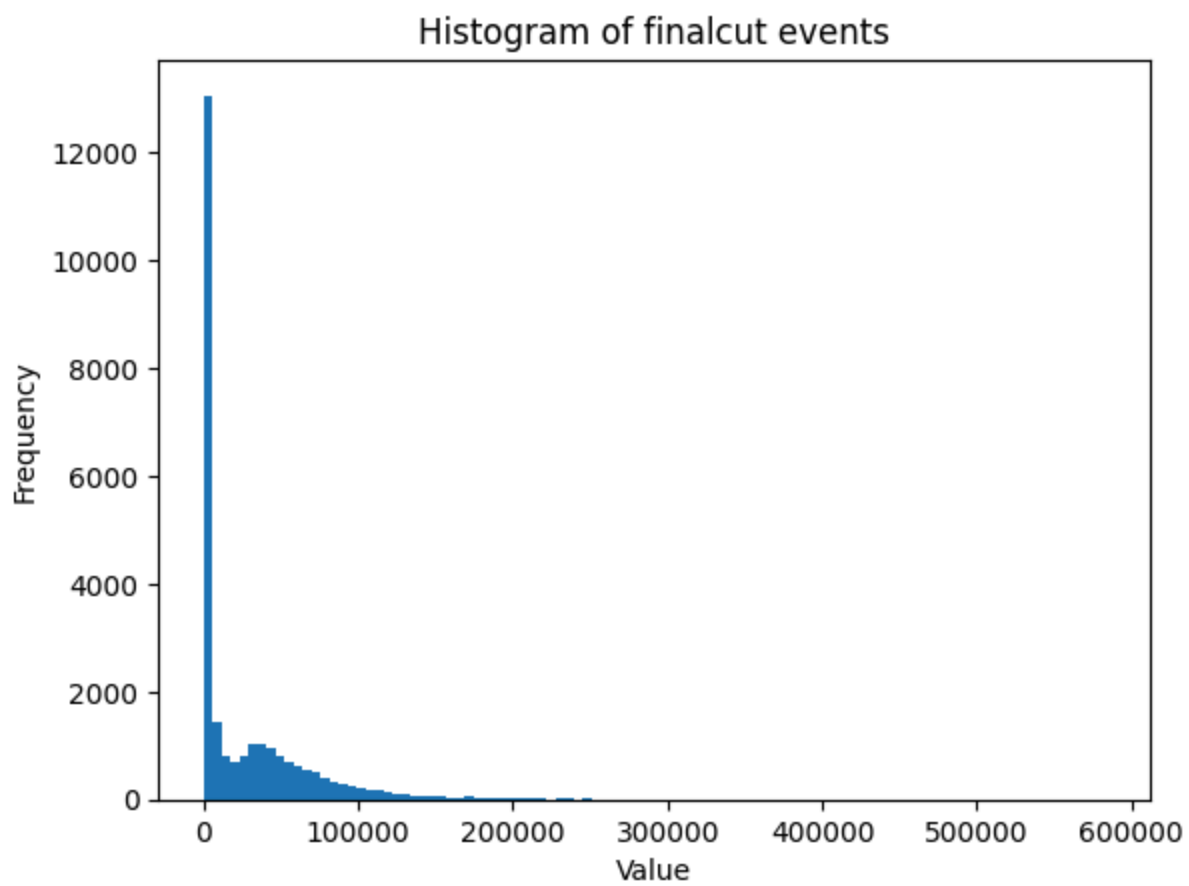

Number of events total: 160000

Selection and histogram of e events

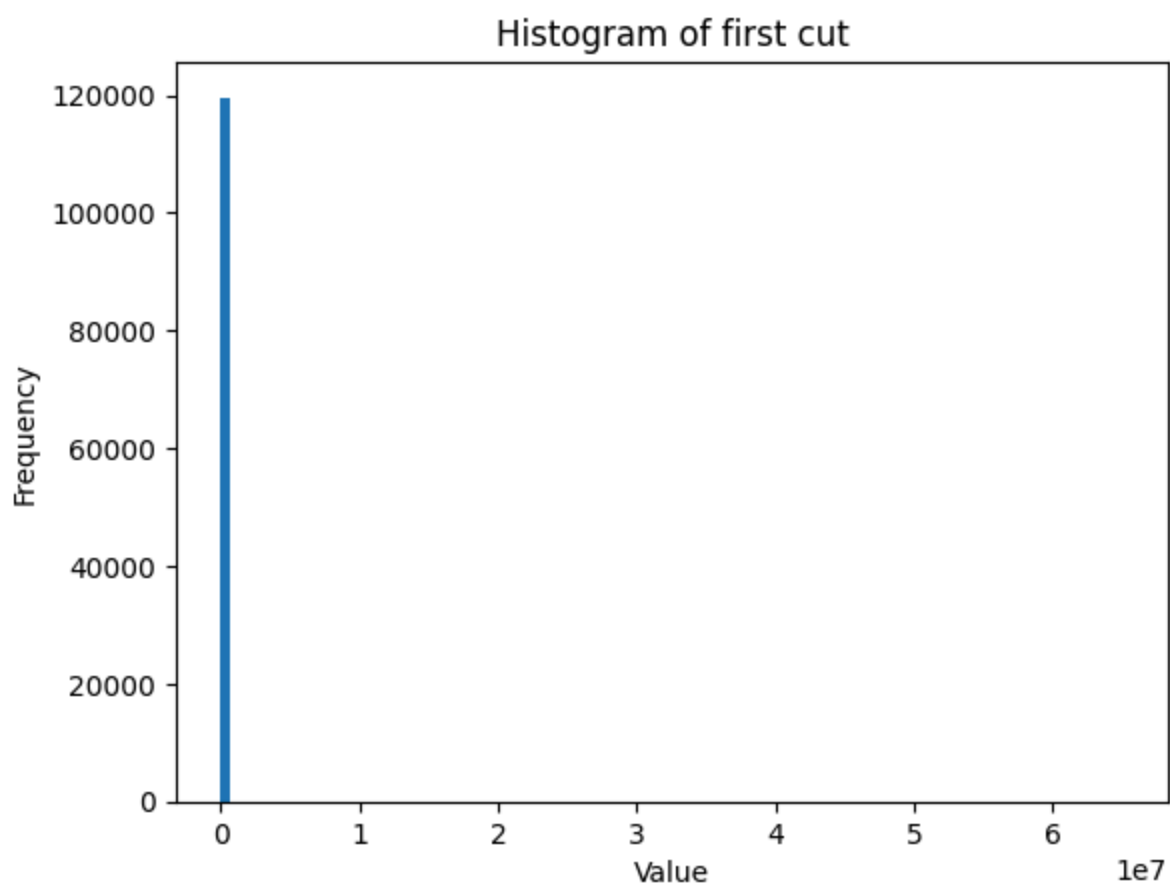

first cut number of events 119613

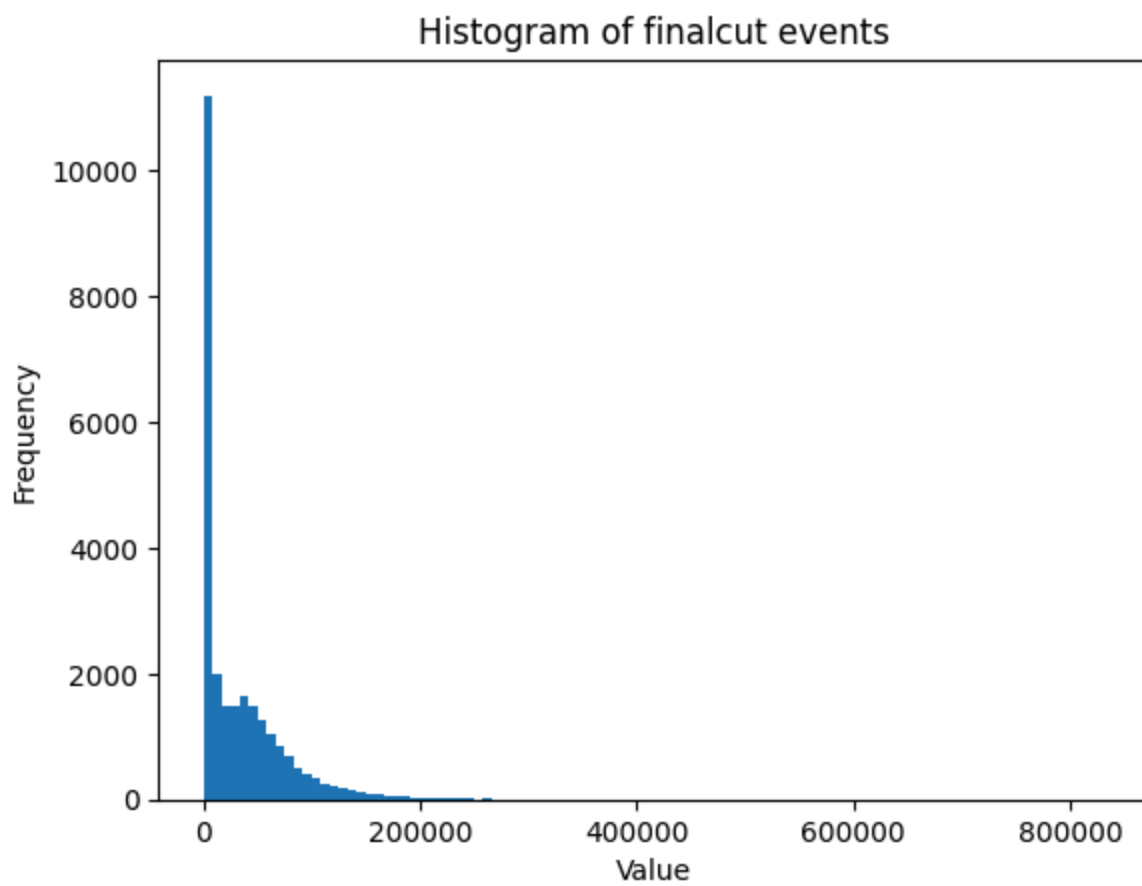

number of events after all cuts is 25788

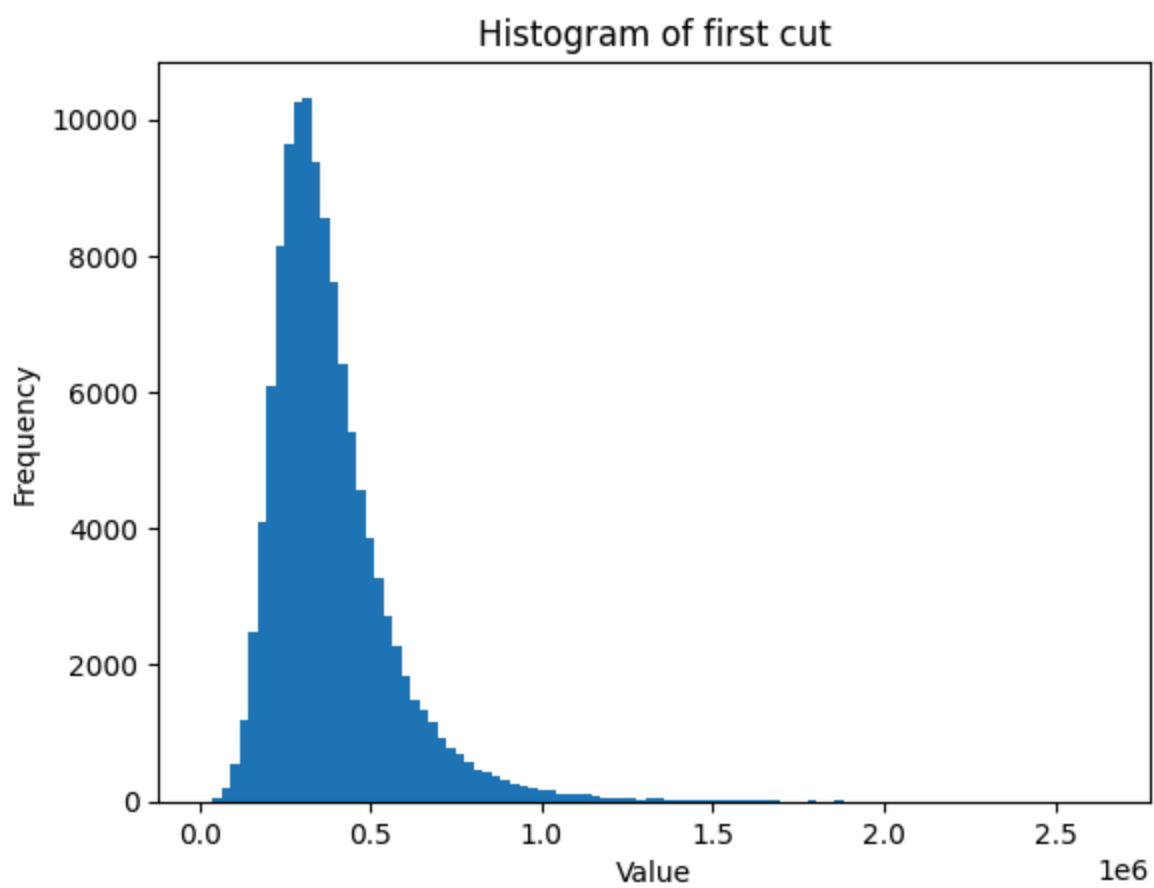

Selection and histogram of mu events
first cut number of events 119613

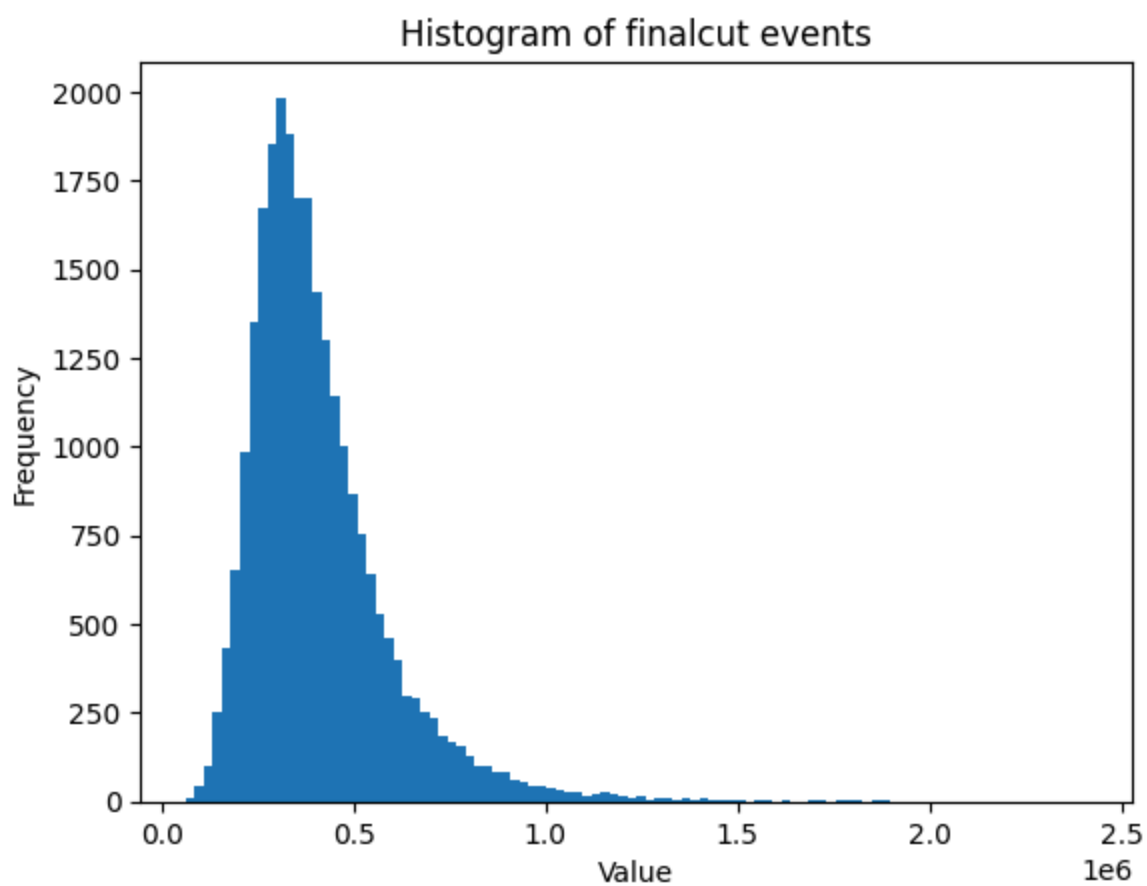

number of events after all cuts is 25788

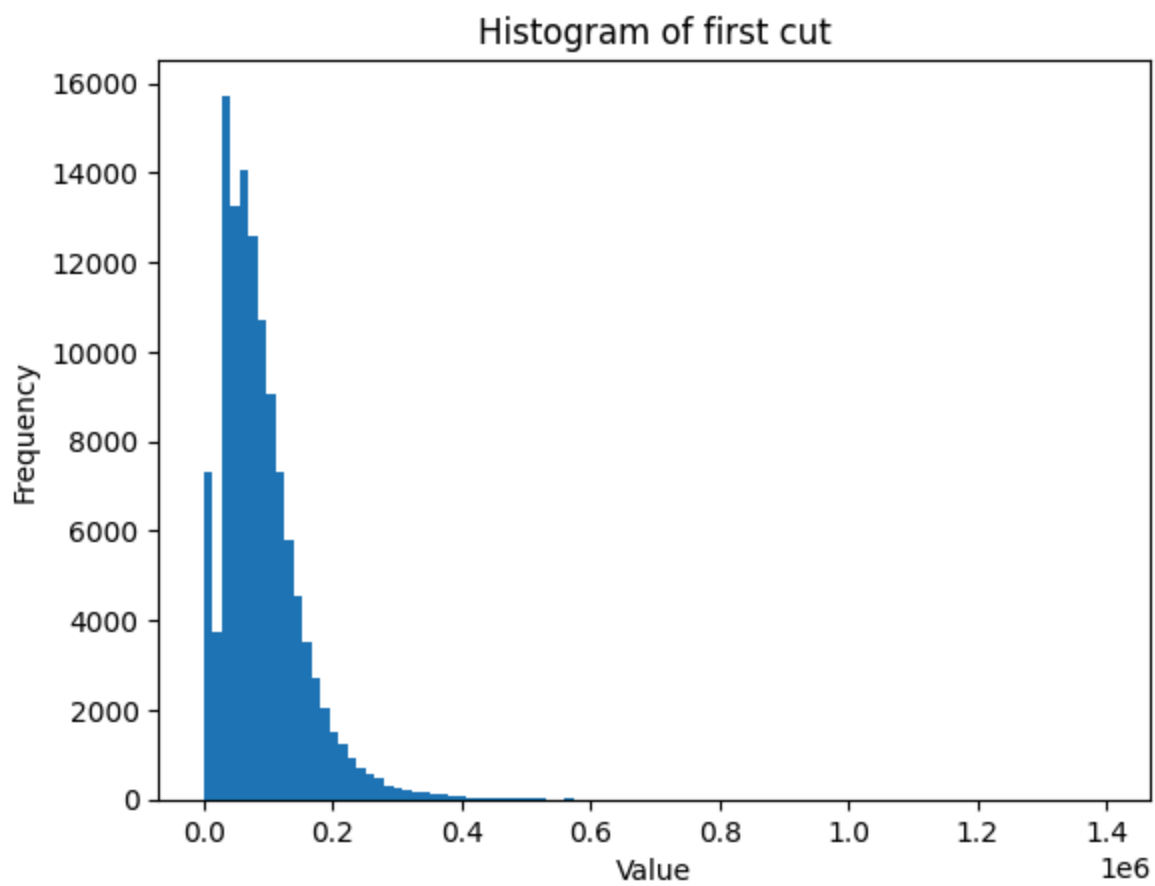

Selection and histogram of jet events
first cut number of events 119613

number of events after all cuts is 25788

Selection and histogram of tau events
first cut number of events 119613

number of events after all cuts is 25788

Histogram of finalcut events
